3rd Annual Capital Link Master Limited Partnership Investing Forum

Thursday, March 3, 2016 The Metropolitan Club, One East 60th St.,NYC

The broader energy sector and MLPs in particular have been adversely affected in today's market environment. Low energy and commodity prices, a slow economic recovery in the US coupled with slower growth in China and other emerging markets, global geopolitical tensions and the potential for rising interest rates add to investor concerns. Against this backdrop, our Forum maintains its function and reputation as an interactive platform that brings together MLPs, MLP funds, institutional investors, financial advisors, media and other market participants to exchange information and views and debate the latest trends, developments and outlook of the MLP sector.

Our Forum features a unique combination of panel discussions on the various market segments as well as on key industry topics, individual MLP presentations and 1x1 meetings between MLP management and investors. On the presenting side, the Forum provides the comprehensive point of view of major industry participants, such as MLPs, MLP Funds, research analysts, commercial and investment banks, law and auditing firms. On the attendee side, our Forum brings together both institutional investors and financial advisors, who service high net worth and individuals. The MLP Investing Forum is an extension of Capital Link's Closed-End Funds & Global ETFs Forum in New York, which has a 15 year track record of success and attracts more than 1,200+ delegates every year.

Our long-established relationship with stock exchanges, financial analysts, major brokerage firms, and financial advisors—who are all actively involved with MLPs, CEFs and ETFs—as well as our partnership with major financial media publications, ensure a Forum agenda that covers leading—edge thought leadership on the latest and most interesting topics. They also ensure attendance by a large and high caliber investor group and continuing and extensive publicity after the event.

Capital Link has made a strategic commitment to raise visibility for MLPs, as well as CEFs and ETFs investing in MLPs to a wider audience. We have put together a unique platform that also includes our MLP, CEF and ETF websites, interviews, webinars, market reports and newsletters. Our three internet portals (mlp.capitallink.com, www.cefforum.com and www.etfforum.com) are dedicated to providing free news and data as well as the latest in MLP, fund commentary and analysis. Information is contributed by some of the leading analysts and experts. Our webinar series (http://webinars.capitallink.com) provide presentations on MLP, CEFs and ETFs from leading industry experts and fund sponsors on a regular basis.

We are gratified by the support of major MLP funds, which are actively involved and support our Forum. We would like to thank our sponsors and media partners, as well as the National Association of Publicly Traded Partnerships for their support and contribution in making this event a success.

Sincerely, Nicolas Bornozis President Capital Link, Inc.

2015 Master Limited Partnership Investing Forum

Capital Link Forums

2016 Calendar

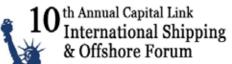

Greek shipping remains important to the maritime economy, constituting approximately 20% of the world's shipping fleet. This event will not only cover the latest developments and trends in international trade, dry bulk commodities, and the energy markets - framed against the broader backdrop of the global economy - but also review various funding alternatives for raising capital among listed and private shipping companies.

This investor-focused event will examine the latest developments and challenges associated with master partnerships (MLPs). It also presents a networking platform for financial advisors, financial planners, institutional investors, fund managers, analysts, other wealth management professionals, and major financial media.

The tenth installment of the Invest in International Shipping Forums, this investor-focused event allows a platform for highlevel executives and shipping companies to share and examine the shipping markets in light of annual results. Institutional investors and analysts, financial advisors, bankers, financial media, and other qualified investors will be in attendance.

Monday, March 21, 2016 The Metropolitan Club, One East 60th St., New York City

This annual event, playing host to 1,000 attendees every year, will not only address the benefits and challenges associated with using closed-end funds (CEFs) and ETFs, but will also present a financial advisors, financial planners, networking platform for institutional investors, fund and asset managers, analysts, other wealth management professionals, and major financial media.

This event provides investors with a comprehensive review of various shipping markets to investment communities in China and throughout Asia. It aims to provide investors with a comprehensive review and current outlook of the various shipping, marine services and offshore markets and in addition, cover topics of critical interest to shipping industry participants, financers and investors.

Tuesday, May 10, 2016 Shanghai, China

This bi-annual event brings together public and private shipping company executives, investors, analysts, financiers, and other industry participants who are visiting Athens for the biannual Posidonia event from all over the world. The Forum will feature sector roundtable discussions dedicated to the dry bulk, tanker, container, LNG, and offshore sectors.

Capital Link continues to support the sustainable development in Greece by promoting and presenting both initiatives from the business side, as well as the activities and needs of NGOs. This forum will discuss the development and maintenance of the CSR a strategy and necessity, which will help companies balance the achievement of profitability with sustainable growth.

As the global derivatives market undergoes further economic and regulatory changes, the ability to effectively manage risks is becoming paramount, and the need for global collaboration is heightening. This program will feature a distinguished list of speakers who will provide an insightful global perspective on commodities, energy, and shipping.

Exchange Traded Funds (ETFs) have seen an explosive growth in the industry since the emergence of the first ETF in 1990. The growing popularity of this investment vehicle has dramatically change the investment landscape among both institutional investors and financial industry professionals who provide wealth management services to clients. This Forum is an extension of our 15 year track record success of our Annual Closed-End Funds and Global ETFs.

In cooperation with the LSE, this event provides investors with a comprehensive review of various shipping markets to investment communities in the UK and throughout Europe. Shipowners, shipping executives, institutional investors, research analysts, industry experts, commercial and investment bankers, risk advisors, private equity and venture capital firms, high-net worth investors, and financial media attend this London forum every year.

With greater industry sophistication, awareness, and expectations, corporate social responsibility (CSR) is an increasingly important issue that shipping and offshore companies cannot afford to ignore. This forum will explore how companies can keep a competitive advantage gaining market share, attracting top talent, and preserving employee retention by adopting CSR policies.

U.S. and Greek businesses and investment communities will discuss the latest trends in the capital and stock markets while covering topics ranging from shipping, information technology, energy, banking, and finance to telecommunications and real estate. This event receives annual support from the NYSE Euronext and is held under the auspices of the Ministry for Development, Competitiveness, Infrastructure, Transport & Networks.

With \$1.9 billion under management, the American Infrastructure MLP Funds (AIM) is an innovative private investment firm creating new MLPs.

Andrews Kurth is Proud to Sponsor the 3rd Annual Capital Link Master Limited Partnership Investing Forum

We Are MLP Pioneers and Market Leaders

Andrews Kurth was involved in the creation of the first MLPs in the early 1980s and served as issuer's counsel on the first "drop down" MLP in 1983. Since the 1980s, we have been a market leader in MLP transactions because of our deep experience in the complex partnership, securities, tax and business issues associated with creating, governing and growing MLPs.

To date, we have:

- Participated in transactions involving 70% of the Alerian MLP Index, a composite of the 50 most prominent energy MLPs
- Participated in transactions involving more than 50% of the natural resource-related MLPs and their general partners currently trading on U.S. stock exchanges

STRAIGHT TALK IS GOOD BUSINESS.®

The American Infrastructure MLP Funds (AIM) is an innovative private investment firm with \$1.9 billion under management. We provide tax-advantaged growth capital to stable, private companies with substantial growth opportunities in infrastructure, natural resources and real property sectors that qualify as Master Limited Partnerships ("MLPs") and similar yield structures. Our mission is to build partnerships that make a difference, and our goal is to deliver both tax-advantaged current income and attractive equity upside to our investors. Our team has built over 45 platform companies and completed 250 add-on acquisitions, sourcing our investments directly via a proprietary "smart sourcing" process and focusing on companies and assets with stable cash flows that are often ignored by private equity investors who lack the expertise and appropriate fund structures for private MLP investing. For more information, please visit our website at: www.AIMLP.com or contact Nancy Katz. Managing Director, at nkatz@aimlp.com

For 175 years, Baker Botts has delivered resultsoriented services, establishing us as a leading law firm. Our reputation is complemented by our tradition of leadership in government, the judiciary and our communities. Regardless of size, sector or jurisdiction of a client, our commitment is to help achieve their business objectives.

Cushing® Asset Management was founded in 2003 and is headquartered in Dallas, TX. We offer multiple products and services across the entire energy supply chain which are designed to meet the needs of both institutional and retail investors seeking professional investment management with a disciplined investment process, rigorous risk management, and a proven track of performance in the specialty segment in which we invest.

STRAIGHT TALK IS GOOD BUSINESS.®

Since 1902, Andrews Kurth has built its practice on the belief that "straight talk is good business." Real answers, clear vision and mutual respect define the firm's relationships with clients, colleagues, communities and employees. With more than 400 lawyers across 10 offices worldwide, Andrews Kurth represents a wide array of clients in multiple industries.

EY is a global leader in assurance, tax, transaction and advisory services. Market Know-How

Our lawyers provide sound, creative advice on complex matters, balanced by solid business acumen and market know-how. Baker Botts has been a pioneer and thought leader in transactions involving master limited partnerships since the inception of MLPs in the early 1980s.

In the last 30 years, we have participated in more than 60 completed initial public offerings for MLPs, and have been hired on many more that are in process or that were not consummated. We have also participated in several hundred follow-on offerings of debt and equity securities, including registered offerings, private placements and continuous equity offering programs.

We have experience in every industry in which MLPs operate including:

- Midstream (gathering, processing, compression, transportation, terminalling and storage)
- Shipping
- LNG
- Oil and gas exploration and production
- Royalties

- Oilfield services
- Offshore drilling
- Frac sand
- Coal
- Saltwater disposal
- Marketing and distribution of fuels
- Refining

We also have experience with assets in industries suitable for YieldCos including:

- Wind

Current income is a primary objective in most, but not all, of ICA's investing activities. Consequently, the focus is generally on companies that generate and distribute substantial streams of free cash flow. This approach is based on the belief that tangible assets that produce free cash flow have intrinsic values that are unlikely to deteriorate over time.

Janney Montgomery Scott LLC has over 180 years of experience providing comprehensive financial advice and superior service to individual, corporate and institutional clients. Our expertise includes guidance about asset management, corporate and public finance, equity and fixed income investing, equity research, institutional equity and fixed income sales and trading, investment strategy, financial planning, mergers and acquisitions, public and private capital raising, portfolio management, retirement and income planning, and wealth management. Janney is an independentlyoperated subsidiary of The Penn Mutual Life Insurance Company and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). Janney employs over 1,800 people in 110 offices and 19 states.

Infrastructure Capital Advisors, LLC (ICA) is an SECregistered investment advisor that manages an actively managed ETF and a series of hedge funds. The firm was formed in 2012 and is based in New York City.

ICA seeks total-return opportunities driven by catalysts, largely in key infrastructure sectors. These sectors include energy, real estate, transportation, industrials and utilities. It often identifies opportunities in entities that are not taxed at the entity level, such as master limited partnerships ("MLPs") and real estate investment trusts ("REITs").

Tortoise Capital Advisors, L.L.C. is an investment manager specializing in active listed energy investments spanning the energy value chain. As of Jan. 31, 2016, the adviser had approximately \$11.6 billion of assets under management in NYSE-listed closed-end funds, mutual funds, private funds and other separate accounts.

KEYNOTE SPEAKER

Christopher A. Smith
Assistant Secretary for Fossil Energy
U. S. Department of Energy

Christopher Smith serves as Assistant Secretary for Fossil Energy at the U. S. Department of Energy. President Obama nominated Smith for

the position in November 2013. He was confirmed by the U. S. Senate and sworn into office in December 2014.

As Assistant Secretary, Smith leads the Department of Energy's Office of Fossil Energy, including scientists and engineers working at eleven sites across the United States. In this capacity, he oversees the Department's fossil energy's research and development program (coal, oil and natural gas) and the National Energy Technology Laboratory. He is also responsible for the U.S. Petroleum Reserves, the largest strategic petroleum stockpile in the world.

Prior to his Senate confirmation, Smith served as Principal Deputy Assistant Secretary for Fossil Energy and as Deputy Assistant Secretary for Oil and Natural Gas. During that tenure, he served as the Designated Federal Official for the National Commission on the BP Deepwater Horizon Oil Spill and Offshore Drilling, established by President Obama to investigate the root causes of the Gulf oil spill.

Before his appointment in October 2009, Smith served in managerial and analytical positions of increasing responsibility in the private sector. Most recently he spent eleven years with two major international oil companies focused primarily on upstream business development and LNG trading, including three years negotiating production and transportation agreements in Bogotá, Colombia.

Smith began his career as an officer in the U. S. Army and served tours in Korea and Hawaii. He subsequently worked for Citibank and JPMorgan in New York City and London in the area of emerging markets and currency derivatives. Smith holds a bachelor's degree in Engineering Management from the United States Military Academy at West Point and an MBA from Cambridge University.
