**EXAMINING ESG – HOW THE LANDSCAPE IS EVOLVING**

The panel will take an in depth look at how the maritime conversation around ESG is changing due to industry expectations, societal pressures & the regulatory environment. What does ESG mean for shipowners, charterers, lenders, investors and insurers? How are they navigating transparency requirements and what is the best practice for reporting? This session will focus on how different stakeholders perceive the risks & opportunities associated with ESG and what this means for shipping in the short, medium & long term.
