The **“22nd Capital Link Invest in Greece” Forum: “Greece – Looking Ahead With Confidence”** took place, in digital form, on Tuesday & Wednesday, December 15 & 16, 2020 in co-operation with the New York Stock Exchange and major Global Investment Banks and Organizations. Also with the overwhelming support of the Greek business & financial community. Over the years, Capital Link Invest in Greece Forum has developed to become an International Summit about Greece, recognized as the main platform for updating US investors on developments in Greece, business and investment opportunities and the attractiveness of Greece as an investment destination. It gathers the elite of the financial and investment communities, as well business and government leaders from the United States and Greece. This year, as a Virtual Forum, the event was available to a global audience.

Foreign investments are of critical significance for the re-launching of the economy. The **Capital Link Invest in Greece Forum** provided an effective platform and the perfect timing for communicating the Prime Minister’s relayed message at the HELEXPO on the Government’s 12 initiatives to support the economy, which he described as "12 steps of confidence", and "bridges that will transfer Greece and the Greeks from the health and economic turmoil to the calm waters of progress and hope”. This concrete plan enhances investor interest and confidence and, thus, helping to attract foreign investments.

This year in particular, in a two-day period, 33 sessions, and 112 Top Level Speakers, from the Greek and international government, business and financial communities this event offered to a global audience a comprehensive, authoritative & insightful blueprint on the latest development and outlook of the Greek Economy. A special emphasis was given to the Business & Investment Opportunities in Greece and the wider region. **Led by the Prime Minister, several key Greek Government Ministers outlined their specific programs and policies in the sectors of their portfolios in order to achieve the shift of the economy to a new, sustainable development model for Greece of tomorrow. A confident economy: productive, technologically advanced, innovative, extroverted, intelligent, and competitive, which has disproved the pessimists and attracted the recognition and praise of European partners. A top-level group of CEOs and other executives discussed trends, developments and opportunities for each of the main areas of the economy. Finally, a group of international investors shared their insight and shed light to the reasons that lead them to choose Greece as a Business and Investment Destination and what lies ahead.**

« REALIZING THE LARGEST INTEGRATED RESORT CASINO (IRC) PROJECT IN EUROPE ».

Roundtable Discussion:

- **Mr. Mario Kontomerkos**, *Chief Executive Officer - Mohegan Gaming & Entertainment*
- **Mr. Yannis Kourniotis**, *Partner - Lambadarios Law firm*

Mr. Yannis Kourniotis, *Partner - Lambadarios Law firm*, stated:

“The Greek government aspires to turn the old airport site at Hellinikon into a Monaco-like magnet for wealthy entrepreneurs and businesses from abroad, as well as for tourists and pensioners permanently relocating to Greece.

The development of the first Integrated Resort Casino (IRC) in Greece and further afield will be pivotal for the success and the viability of the overall Hellinikon project.

Inspire Athens, a consortium between Mohegan Gaming and Entertainment, a global gaming and entertainment leader and GEK-Terna, a local infrastructure leader, being currently the preferred bidder of the tender for the development of the IRC, expects that its plans will yield profits not only to the business partners but also to Greece, both in the short and the long term.

Inspire Athens will be a 24/7 destination, the like of which does not yet exist in Europe. It will incorporate a luxury hotel, entertainment venues, convention center, shopping, restaurants, bars, casino and a comprehensive mix of premium amenities. It is expected to create 7,000 new jobs and increase tourism traffic in Athens by as much as 10% a year.

The IRC in Hellinikon will be ready within 36 months, assuming that all permits and licenses will be in place, something which should not be considered as an easy task.”

Mr. Yannis Kourniotis, raised the following questions to **Mr. Mario Kontomerkos**:

- What will be required from now on to complete the Project successfully and at the soonest possible time? Is Mohegan willing and ready to cooperate with the Greek State, as well as the local authorities in this respect?
- In what way will the implementation of the Project affect the Greek economy? Can you provide us with some further detail and, if possible, examples?
- How has Mohegan as a foreign investor, which is not acquainted with the particularities of the applicable public procurement legislation, experienced its participation to the IRC tender procedure?
- Is the IRC the end of the road or should we expect Mohegan expanding further its activities in Greece?

Mr. Mario Kontomerkos, *Chief Executive Officer - Mohegan Gaming & Entertainment* stated:

“I will start with a saying that we have here in the U.S. and I am sure it is being translated around the world. For a project of this size, when you want to bring something up and raise something up from the ground, we often say 'it takes a village.' For a project of this size and scale, and I am talking about something that is going to exceed 1 billion Euros, in our minds the only path to success is by joining forces and engaging with all the stakeholders who are involved. Because a project of this size impacts so many different stakeholders in the Greek community: it impacts the Greek state; the Greek private sector, like construction, banking, technology, and professional services companies.

And it is in that spirit of cooperation, that this village will come together and even though it is an enormous undertaking, we believe that we will bring this to bear and we cannot wait to get started in Athens,” Mr. Mario Kontomerkos maintained. He proceeded to express his optimism by saying the Hellinikon Project is “ an unbelievable opportunity to demonstrate not only to Greece but to the rest of the world and foreign investors, who are watching, the example by which the Greek community and foreign investors can work together as a village to create something of this size and scale.”

One-on-One Meetings in Digital Form

As in previous years, the Forum provided foreign investors with unique networking opportunities through more than 100 **one-on-one meetings with listed and not listed companies, as well as, with members of the Greek Government Delegation, which under the current circumstances were held in digital form on a special digital platform <http://forums.capitallink.com/greece/2020/meetings.html>**
