

WE ARE COSMOS HEALTH

A diversified, vertically integrated global healthcare group striving to achieve excellence in the healthcare industry.

ABOUT US

Cosmos Health Inc. is an international healthcare group founded in 2009 and headquartered in Chicago, committed to serving healthcare with passion and innovation in order to improve people's lives.

WHAT WE DO

We develop and distribute a diverse portfolio of proprietary pharmaceutical and nutraceutical brands, operate a telehealth platform, and are actively engaged in innovative R&D to help target major health disorders.

OUR BRANDS

Every individual has unique health requirements. Our goal is to create a reliable selection of high quality products that support the needs of the modern lifestyle.

Cosmos Health owns a portfolio of proprietary pharmaceutical and nutraceutical brands, including Sky Premium Life®, Mediterranation®, bio-bebe® and C-Sept®. Through its subsidiary Cana Laboratories, licensed under European Good Manufacturing Practices (GMP) and certified by the EMA, it manufactures pharmaceuticals, food supplements, cosmetics, biocides, and medical devices within the EU. Cosmos Health also distributes a broad line of pharmaceuticals and parapharmaceuticals, including branded generics and OTC medications, to retail pharmacies and wholesale distributors through its subsidiaries in Greece and the UK.

All our brands adhere to the highest standards, beginning with meticulous ingredient sourcing and culminating in our commitment to stringent GMPs.
