In a highly positive timing for Greece, Capital Link is organizing in New York the Annual International Summit about the Greek Economy & Investment Opportunities, featuring top US and International Investors, Global & Greek Companies, Global Investment Banks & Institutions, high-ranking Government Officials from Greece and the US (4 Greek Ministers, 2 US Ministers) and 24 listed companies, in co-operation with the New York Stock Exchange, the Athens Exchange Group (ATHEX Group), and major Global Investment Banks. For yet another year, the Forum is organized under the Auspices of the Consulate General of Greece in New York.

At the same time, with great pride, Capital Link is celebrating a milestone this year: the 25th anniversary of the longest running Investment Forum focused on Greece held abroad. Entitled “Accelerating Investments for Sustainable Growth,” the “Annual Capital Link Invest in Greece Forum” will take place on Monday, December 11, 2023, at the Metropolitan Club, in New York. The event is sponsored by top companies, and Goldman Sachs and TEN Ltd (Tsakos Energy Navigation) are the Lead Sponsors. This International Summit about Greece held in New York, has been taking place year after year, regardless of the political and economic conditions in Greece. With a 25-year track record of success, it has been engaged in a systematic effort to highlight Greece’s profile to a global business and investment audience.

This year's forum is particularly significant as Greece is heralding a new dawn of investments and entrepreneurship. Favorable political developments, strong economic dynamics, and attractive valuations have boosted investor confidence in the Greek market. Despite global challenges, Greece continues its journey towards modernization and stability, creating an environment conducive to foreign investments. Positive catalysts, such as the recovery fund, increased private investment, and the strengths of specific sectors like tourism and energy, ensure that the Greek economy is set for strong growth in the coming years. Greece has achieved a remarkable turnaround in view of the regaining of its investment grade status. It has already attracted a significant flow of US and international investments, a trend which is expected to accelerate given the country's political stability, its growing economy, and its strategic geopolitical location. The Conference will provide a comprehensive overview of the country's economic and investment landscape, highlighting its strategic position, business-friendly policies and sectors open for investment.
